MEMORANDUM FOR: Director of Central Intelligence

SUBJECT : The U. S. Intelligence Community by Lyman Kirkpatrick

1. I had a call from Lyman Kirkpatrick yesterday. He tells me that his recent book, The U. S. Intelligence Community, is doing well and is about to go into a second printing. The original printing was 8500 copies, of which 3000 were for the Macmillan Book Club. Virtually all copies have been sold and the demand continues. There are apparently some negotiations for paperback rights as well.

2. Kirk also tells me that the book will be used at Syracuse University and, I believe, the University of Kansas, both of which are undertaking courses on intelligence in some form or other.

3. Kirk's new book on the Russian intelligence service is about finished.
